专业液肥,独家配方

Liquid Fertilizers

Formula A

DKP liquid fertilizer /NPK00-33-42(W/V)

高磷钾配方,促进果实肥大,提高甜度

Guaranteed Analysis

Soluble P2O5: 33% · Soluble K2O: 42%

Appearance

Clear Colorless Liquid

Package

0.5L,4L ,20L ,50L, 200L, 1000L or as per customer require

Benefits of product

Improve quality of fruits and increase production.
Improve the color of fruits.
Increase flowering and budding potato tubers initiation
Can be mixed with pesticides and other fertilizers.
(always test before use)

Recommended application

Soil Application

Up to 50 liters/ha ,split into 2-3 applications, suitable for application through drip irrigation system

Foliar Application

5-10 liters/ha or 0.5-1% spray solution

Formula B

Asiafert unique formula /NPK0-50-0+7%MGO

Asiafert 独家配方太阳露,最佳光合促成组合

Guaranteed Analysis

Soluble P2O5: 50% MGO : 7%

Appearance

Blue Color Liquid

Package

0.5L,4L ,20L ,50L, 200L, 1000L or as per customer require

Benefits of product

Improve quality of crop
promote early flowering
increase content of carbohydrate and protein
Change ratio of C/N (carbon/nitrogen)

Recommended application

Fruit tree

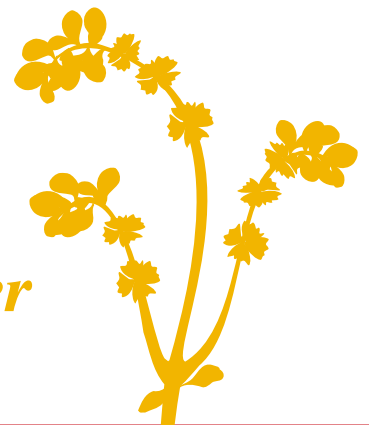

To dilute it with water for 800-1000 times in middle of growing period.
It can increase sweetness and density of fruit.

Cucurbitaceae

To dilute it with water for 800-1000times after flowering.
(melon) It can increase fruit yield.

Asiafert , Quality Fertilizer

Liquid Organic Fertilizers

Formula C

Seaweed Extract Liquid (Acadian Inside) Ascophyllum Nodosum seaweed
 制造原料/台湾独家代理加拿大Acadian北大西洋褐藻

Benefits of product

Increased resistance to diseases and insects
 Reduced frost damage
 Improved root development which means healthier foliage, flowers and fruit
 Can be mixed with pesticides and other fertilizers

Guaranteed Analysis

N: 7.4%, P2O5: 7.6 %, K2O:6.8% ,organic matter 31.9%, PH: 5~7

Appearance

Dark brownish color

Recommended application

Spraying

To dilute it with water for 2000 times. Dosage: 1-1.5 kg/ha.

Drip Irrigation

Too dilute it with water for 1000 times. Dosage: 1.5 -3kg/ha.

Package

1L or per customer required

Acadian Inside

Formula D

Amino Acid Liquid

本品采用日本进口精致蹄角蛋白氨基酸为原料内含脯氨酸、丙氨酸、甘氨酸、胱氨酸等多种氨基酸

Benefits of product

Improve crop's quality and nutritional value of plant
 Supplement the necessary nutrition and microelement
 Increase bloom set and size of flowers and fruit
 Improve tolerance against drought and disease.

Guaranteed Analysis

N: 10.0%, P2O5: 3.0% , K2O: 5.0%

Package

1L /20 L or per customer required

Appearance

Light Brownish Liquid

Recommended application

Spraying

to dilute it with water for 300~ 600 times.

Drip Irrigation

to dilute it with water for 200~ 300 times.
