

高级叶肥素●台湾制造

Water Soluble Foliar Fertilizers

100% Water Soluble 100% free of Chlorid

Our factory is ready to produce any formula upon the customer's requirements

Item code : F01

Growing Fertilizer

NPK30-10-10+Te

Total N : 30 %

Soluble P2O5: 10%

Soluble K2O: 10%

All NPK contain :MgO, Fe, B, Mo,Zn

Appearance: crystalline fine powder

Color: pink , green , blue, white or as per customer required

Item code : F02

Balance Fertilizer

NPK20-20-20+Te

Total N : 20 %

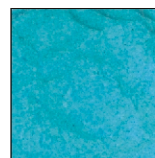

Soluble P2O5 : 20%

Soluble K2O : 20%

All NPK contain: MgO ,Fe, B,Mo,Zn

Appearance: crystalline fine powder

Color : pink , green , blue, white or as per customer require

Item code : F03

High Phosphorus Fertilizer

NPK 10-55-10 +Te

Total N: 10%

Soluble P2O5: 55%

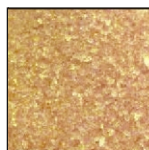

Soluble K2O: 10%

All NPK contain :MgO, Fe, B, Mo,Zn,

Moisture: 0.3% Max

Appearance: crystalline fine powder

Color: pink , green , blue, white or as per customer required

Item code : F04

Blooming fertilizer

NPK5-18-45+Te

Total-N: 5%

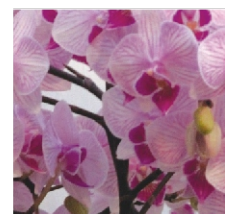

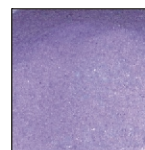

Soluble P2O5: 18%

Soluble K2O: 45%

All NPK contain:MgO, Fe, B, Mo,Zn

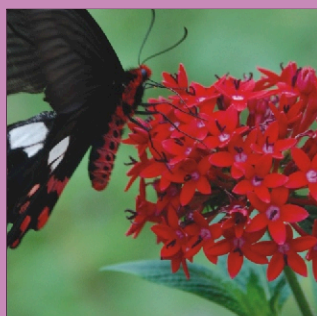

Appearance: crystalline fine powder

Color: purple , green , blue, white or as per customer required

Water Soluble Foliar Fertilizers

高级叶肥素 ● 台湾制造

Treated with asiafert fertilizer

Characteristics of Asiafert NPK water soluble fertilizer

Anticaking , Low PH

Consist of 100% plant micronutrients

Exact dosage and distribution of the fertilizer

Virtually free of chloride, sodium and other detrimental elements for plants

Possible application with various cropping and irrigation systems

Packing 1kg/5kg/20kg PP or PE bag or as per customer required

Recommended Application

Plant	Dilute	Application
Fruit Tree	1:400~700	Spray/Irrigation
